### Summer Schedule

Summer is almost here. Preschool is now out and in a couple weeks summer break will be here for the grade school as well. As their schedule changes so does the daycare staffs schedule. We are currently understaffed at the moment so if parents or guardians could please be on the ball about getting us a schedule to follow Tonya and I would greatly appreciate it. We are working on finding another part time employee so if you know someone interested send them our way.

### Water Play

With summer comes hot hot days, we plan on having the kids out in the sprinklers, playing in the water table and hopefully doing a few outside projects. If you wish for your child not to play in the water please notify Tonya or myself so we can plan other fun outside activities while your child is here. Remember to send extra clothing and bathing suits during the summer and send them along with your child. We prefer making sure all the kids have sunscreen while they are outside as well, we provide sunscreen but if you wish for your child to have their own, or a specific brand we would ask that you bring your own. You can put their name on it and leave it here or just make sure to always pack it.

### Library

The Library will be coming to daycare on certain Mondays during the summer at 9:00 AM. She will bring a book or two to read and then a project to do with the kids. She is normally here for about 30 minutes to an hour depending on the project.
