## **February 2020**

### **Who to Contact**

When changing the schedules or requesting something be done with your child please remember to call the daycare or to contact me personally. Although it is easy to contact a friend or family member it doesn't always reach everyone who needs to know. We have been having issues with schedule changes that alter the staff's schedules. Without me knowing I can't change the staffs schedule and this then leads to being out of ratio or staff coming to work when they could have had the day off. There is also the issue of parents wanting something specific be done with their children but when I don't know I can't notify everyone and the changes aren't implemented throughout the day. So please make sure the proper people are informed of changes and concerns.

On another note, if you ever have issues or concerns of something you see happening at daycare or not happening please notify me. We are here as a service to you and your peace of mind means the world to me. I want to know if there are areas staff and myself need to work on or pay more attention to.

### **Dr. Seuss Week**

We are going to follow along with the school for Dr. Seuss week. We will tweak the days a little bit but I thought it would be fun to include the children in on what the older kids will be doing. There should be a list of what the days will look like with your bills. If you did not receive one there will be one posted on our Facebook page and up on the board by the checkout station.

### **Saint Patrick's Day**

We will be having a party on Tuesday March 17<sup>th</sup>... I am already thinking of how to decorate and shock the kiddos! There will be hidden treats of some form, a mess left behind by the silly leprechaun's and some special green food. Make sure to remember to have your children wearing green! We won't be pinching anyone but I would hate to see a kiddo missing out on the dress up fun!
