### SPRING!

The sunny weather is finally here, but it still is cold season, so as we begin to venture outside more and more please inform staff if you wish your child to stay inside. We don't wish to upset parents when they come to find their child outside, but if we aren't informed of your child/children's conditions and your wishes we can't abide by them.

On the same note of informing, please remember to inform us if your child will be coming to daycare. We have to properly staff the facility and if we are unaware your child coming and happen to be full won't be able to accept your child. We have state regulations that we need to abide by. Same for if your child will not be attending his or her scheduled day please inform us. When we have extra staff coming in early or staying late and the child is a no show it's a waste of time and doesn't pay for that staffs wages. If it continues to be an issue we will have to start enforcing the "no-show, no-call" fee. Which is \$20.00 for each day it happens.

### QRIS/Trainings

We have been going to many fun and interesting trainings! We are going to begin to add more policies to daycare when this happens we may have parents initial/sign the new policies. So don't be shocked when Tonya or Mika ask you to read over and sign some paperwork. We are in the process of completing QRIS which stands for Quality Rating and Improvement System, we will begin to make some small changes to daycare, all of course to benefit the children, which will include the policies. While going through this process we will be having to document and take many picture so if you see one of us running around with a camera don't be alarmed, it's all for paperwork and the children will not be included in the picture unless we have written permission. Parents' participation will be needed at one point for QRIS. There is a survey that will be handed out when it's time that the state will review to approve us for our rating.
